

I understand that the FCC is reviewing a proposal that would expand LPFM service in such a way that LPFM would take priority over current FM translator service.

The radio station that I and my family listen to MOST, uses the FM translator service and all six of us do not want to lose the ability to listen to it.

It provides a fresh and positive alternative to all the other stations that serve the Escondido/San Diego area. If we were to lose KLOVE, the community would not have the opportunity to hear the type of music that is aired or have the ability to select a station that is not offensive, vulgar or rude.

Please consider the negative impact that removing a positive influence will have on the San Diego area, the Escondido citizens, and the Curtis family.

Please do not let the LPFM proposal negatively impact or take priority over the FM translators service.

Thank you for your time,  
Tyler Curtis
